Tradizione e qualità si incontrano in ogni intreccio dei tessuti selezionati da Manifattura Foderami Cimmino, azienda leader nella distribuzione di stoffe e materiali di prima qualità da oltre due secoli.

La nostra storia comincia nel 1750 a Napoli e si arricchisce ad ogni decade di nuova esperienza nel settore dei tessuti di pregiata fattura, realizzati a partire da un'accurata scelta di materie prime e da rigorosi e attenti processi di lavorazione.

Di generazione in generazione sono stati tramandati i valori fondanti di quest'azienda, declinati nelle varie categorie di competenza, per non lasciare nessun settore tessile scoperto e offrire ai nostri clienti sempre il meglio: così Cimmino ha resistito alla prova del tempo, restando un punto di riferimento del mondo tessuti anche nella contemporaneità.
